

International Application No  
PCT/NL 98/00701

A. CLASSIFICATION OF SUBJECT MATTER  
IPC 6      GOIN33/569      GOIN33/543

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)  
IPC 6 GOIN

~~Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched~~

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

[illegible]

Category *	CONSIDERED TO BE RELEVANT	
	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.

Further documents are listed in the continuation of box C.

☒ Further documents are listed in the continuation of box C.

☒ Patent family members are listed in annex.

\* Special categories of cited documents :

- "A" document defining the general state of the art which is not considered to be of particular relevance
- "E" earlier document but published on or after the international filing date
- "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- "O" document referring to an oral disclosure, use, exhibition or other means
- "P" document published prior to the international filing date but later than the priority date claimed

- "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"2" document member of the same patent family

Date of the actual completion of the international search

2 March 1999

Date of mailing of the international search report

10/03/1999

Name and mailing address of the ISA  
European Patent Office, P.B. 5818 Patentaan 2
